

## Camp Site

The Demarest Nature Center is 55 acres of protected, natural space that supports activities for the community to learn about nature and advance environmental advocacy efforts. All activities are guided by our shared tenets of respecting nature and of Leave No Trace.

## Registration

Early registration is recommended. The maximum per course is 15 campers. A waitlist reaching 10 participants for a given session will open up a new week for that course.

You may register by emailing us at or visiting our website.

Summer 2025

Demarest Nature Center

@soarscience

It's true - Earth without art is just "Eh". Kids will connect nature's wonders with their imaginations during a week of exploration and inspiration. Campers will be exposed to diverse environments and various wildlife that will be the source of amazing artwork! Appreciation for nature and art become one. Don't miss out!

The camp week is Monday through Friday from 9:00 am - 12 noon.

Price: \$275 for the week\*  
(5% discount for early registration)

"Drop-in"/day rate: \$65

*\*Demarest Nature Center membership required*

All equipment is provided by SOAR Education. Campers are welcome to bring their personal binoculars, magnifying glasses, etc. for their specific program.

Our immersive programming fosters curiosity and blends fun and facts for little minds with big questions! Facilitating environmental stewardship and developing one's environmental identity is key as our participants develop into productive global citizens and advocates of nature.

Whether part of a flock, a parliament, a flamboyance, or a (gasp!) murder, birds play vital roles in many ecosystems. Using binoculars, birding apps, and observation skills, campers will learn how to identify birds, their behaviors, their hunting and hiding skills, and much more! Craft, bird habitat, and bird feeder projects round out a week of feathered fun!
