

Sharing Opportunities, Advancing Realities

**Mission**

To create global citizens via backyard beginnings

**Vision**

Through experiences that enrich and inspire, SOAR delivers educational and professional science programs that connect culture and curriculum, facilitate equitable educational strategies, develop young-adult wildlife advocates, and cultivate global citizens focused on social and environmental sustainability.

**Children and Family programs**

*Immersive programming fosters curiosity and blends fun and facts for little minds with big questions!*

**Teen programs**

*Teens strengthen critical thinking skills and explore pathways to college and career.*

**Adult programs**

*Hobbyists and naturalists alike join together for blended programs.*

**Educator programs**

*Inquiry-based, research-active practices, and fieldwork engage and enhance experiences for novice and master teachers.*

**District programs**

- ❖ *Social-Emotional Learning (SEL) Nature programs*
- ❖ *Educational Equity Strategies*
- ❖ *Special Education (SPED)*
- ❖ *Connecting Culture and Curriculum*
- ❖ *Signature programs*
